# LIQUOR ACT TERMED OUT OF 'DARK AGES'

## INCUMBENT MLA CHARLES DRAIN GETS NOD TO CARRY BANNER IN NEXT ALBERTA VOTE

EDGAR GERHART  
... revision needed

LUNDBRECK — Attorney General Edgar Gerhart has termed sections of the Alberta Liquor Act "a holdover from the dark ages."

Mr. Gerhart, speaking at a Secred nominating convention here, indicated statutes for illegal liquor possession will be revised by the government.

He did not elaborate.

Delegates at the Pincher Creek-Crowsnest meeting, responding to a request for opinion from Mr. Gerhart, supported a suggestion to lower the age of majority in Alberta from 21 years to 18 or 19 years.

Mr. Gerhart said persons up to the age of 18 years should be classed as juveniles.

### ENDORSED

The meeting endorsed incumbent MLA Charles Drain as Secred candidate in the next provincial election. Mr. Drain, a three-year member of the Legislature, was nominated by Bellevue Mayor Frank Siskoff.

Calgary Mayor Rod Sykes, who also attended the meeting, urged delegates to have faith in young people.

"They are more knowing, and in most cases, more responsible and better educated than any previous generation. When the chips are down young people accept their responsibilities," Mr. Sykes said.

### NOT HAMPERED

The mayor said Calgary residents are turning more attention on the Pincher Creek-Crowsnest district.

"Here is a potential unequalled anywhere in Canada, where development is not hampered by regulations such as exist at Banff," Mr. Sykes said.

## KEN McDOWALL RE-ELECTED TO ASTA BOARD

K. P. (Ken) McDowall, of Pincher Creek, has been re-elected to the executive of the Alberta School Trustees' Association.

Mr. McDowall represents Zone 6, which is comprised mainly of that part of the province south of Calgary.

The annual meeting was held recently at Lethbridge.

With the exception of one three-year term, Mr. McDowall has served on the Pincher Creek Divisional school board since it was first formed in 1938.

His activities on the ASTA executive include membership on the advisory curriculum board.

The meeting also re-elected Carl Johnson, of Lethbridge, as zone chairman. Murray Holt, of Raymond, was elected vice-chairman.

## 43 DRIVERS SUSPENDED

(Special to The Journal)

EDMONTON — More than 40 persons had their driving licences suspended during October, according to information released here by Highways Minister Gordon Taylor.

Mr. Taylor said 43 drivers lost their licences under Alberta's demerit system.

Suspensions in this province continue to rise: one in May, two in June, seven in July, nine in August, 22 in September.

Mr. Sykes said although Calgary City Hall is non-political, he can express his thoughts in rural areas.

### FAVORS SECREDS

The mayor said he favors the Social Credit government "... because of the ease of communications between government and all the people ... flexible policies that are geared to the times ... the government record that is unequalled anywhere in Canada."

Incoming executives of the Pincher Creek-Crowsnest Social Credit Constituency are: Lorne Sheldner, Coleman, president; Steve Kubasek, Willow Creek, vice-president; and Leonard Hote, Blairmore, secretary.

Chairman for this year's meeting was Art Dixon, Speaker of the Legislature.

## MORE MONEY FOR RETIRED

An increase in welfare benefits for retired miners has been negotiated by officials of the United Mine Workers of America.

Petar Meroniuk, secretary of the Coleman local, UMWA, announced the increased benefits in a statement to The Journal Saturday.

Mr. Meroniuk said he, with UMWA district president John Deane and members of the district board, reached agreement in discussions Sept. 25 at Calgary.

Retired UMWA members will now receive \$75 per month, retroactive to July 1 of this year. Prior to the new agreement, UMWA retired members received \$38 monthly.

Representatives of coal companies in UMWA District 18 attended Calgary negotiations with union officials.

Mr. Meroniuk said other beneficial adjustments for UMWA members were also negotiated during the meeting.

Several Coleman district communities are included in the new welfare benefits, including: Blairmore, Coleman, Bellevue, Frank, Morris, Natel, Michael, Sparwood, Drumheller and Lethbridge.

President of the Coleman local, UMWA, is Bill Skura.

The annual pre-Christmas party of the Coleman local, UMWA, will be held Dec. 12 at the Coleman Elks Hall. Tickets are now available.

This year's party promises to be as big a success as those of past seasons. Dancing and refreshments are among the many highlights of the 1970 Coleman event.

## DIRECTORY

The 1970 directory of farmers' organizations and marketing boards listing national, regional and provincial organizations, is just of the press.

Free copies are available from the CDA's information division at Ottawa.

**INSTANT MONEY ORDERS**—Canada's new postal money orders—providing almost instant service for amounts up to \$200—are now available in more than 10,000 post offices and sub-stations across Canada. Harold Crain, left, is presented with No. 2 by Postmaster-General Jean-Pierre Côté in an inaugural ceremony Oct. 15 at Ottawa. No. 1 went to the post office archives. The forms, produced by R. L. Crain Ltd. under a \$2 million contract, are part of a new computer-age system described as the most advanced in the world.

## Blairmore Involved

## Shuffle Of Ranger Stations Opposed By Alberta Member

(Special to The Journal)

CALGARY — A government decision to centralize forest ranger stations in local Alberta towns has been termed "regressive" by Conservative MLA Clarence Copthorne.

Details of the ranger station shuffle were published in The Coleman Journal's Oct. 15 edition.

A government spokesman, in that article said the Crown Forest is under evaluation — with a possibility that ranger staff may work out of Blairmore.

Other forest districts were also listed in the government plan.

"The centralization in certain areas of forest rangers may have some merit, but in general the less settled areas need the attention of a resident ranger more than ever."

"Increased recreational and industrial use of our forest reserves has increased the danger of fire. Consequently the immediate availability of experienced rangers as fire control officers has become vitally important," Mr. Copthorne said.

The public using these lands, Mr. Copthorne said, often have emergencies requiring resident forest officers to summon ambulances, the RCMP or to "just give plain ordinary common sense information that visitors find most helpful."

Most of the ranger stations have reasonably modern homes, and their remoteness is considered a condition of the job, he said.

"These forest officers have taken on great pride in their posts as conservationists patrolling roads, serving as vigilantes for forest fires, game infractions, and are the custodians of Alberta's natural resources," Mr. Copthorne said.

## ALUMNI BALL

OLDS — The annual fall alumni ball at the Olds College will be the evening of Friday, Nov. 27.

A special feature of the event will be a reunion of the class of 1965 on their 5th anniversary. An effort is being made to contact all members of the class and invite them to attend.

## Friends Honor Couple On 25th Anniversary

Mr. and Mrs. J. Goulding were pleasantly surprised recently when approximately 15 relatives and friends arrived to help celebrate their 25th wedding anniversary.

R. Lauthwaite of Calgary was also present. He is the son of Mrs. Goulding.

Mrs. C. Roughton niece of Mr. Goulding, presented Mrs. Goulding with a corsage and Elaine Roughton presented Mr. Goulding with a boutonniere.

After everyone extended best wishes bingo was played, followed by a buffet lunch served by Mrs. Penny, Mrs. C. Roughton and Mrs. E. Hill. The table was centered with a three-tiered wedding cake.

After lunch, Mrs. Penny presented Mrs. Goulding with a gift on behalf of all present.

Everyone was glad to see Mr. Goulding home from the hospital for a few hours on this memorable occasion.

Mr. and Mrs. Goulding were married by the Rev. Kotlitz Oct. 27, 1945.

UNIFORM MEMBERSHIP DRIVE RECENTLY CONCLUDED IN ALBERTA—Alex Gyth, left, of Bow Island, a recent winner of the Master Farmer Award, turns his 1968-71 516 Uniform membership fee over to provincial Agriculture Minister Henry Rusth. Mr. Rusth acted as honorary membership drive chairman throughout Uniform Week, Nov. 1 to 7. During this period, the organization, which represents about 95 per cent of Alberta's farmers, featured its extensive farmer-benefit programs.

## COLEMAN INCLUDED IN \$3 MILLION PROGRAM ANNOUNCED TO JOURNAL BY AGT SPOKESMAN

Coleman and the Crowsnest Pass have been included in an Alberta Government Telephones' project valued at more than \$3 million. An AGT spokesman told The Journal Friday the two-year project will involve a new communications system across southern Alberta.

A new micro-wave link between Medicine Hat and Lethbridge will provide all initial 48 long distance circuits. Eventual capacity is 300 long distance circuits.

New micro-wave towers and buildings will be constructed at Taber, Bow Island and Redcliff—expected to be complete by Dec. 18, 1971.

The following year, underground cables will connect Bow Island, Burdett, Enchant, Grassy Lake, Hays and Vauxhall.

Overhead long distance wires along the route will be removed in 1972.

The Journal was told a micro-wave system is also planned west to Crowsnest Ridge. It will have a starting capacity of 48 to 60 long distance circuits. Ultimate capacity is 300 circuits.

A route south of Pincher Creek to Cardston will serve Waterton and Glenwood.

The route involving Crowsnest Ridge will serve residents of Coleman, Blairmore and Bellevue.

The Journal was told construction of micro-wave towers and buildings is now underway at Cardston and Coleman. Building extensions at Pincher Creek are expected to be complete by Oct. 29, 1971.

Overhead wires will be removed by 1972.

AGT's new services will provide a large number of highly reliable long distance circuits for southern Alberta and the Trans-Canada Telephone System.

**NIGHT CLASSES AWAIT RESPONSE FROM DISTRICT**

The Crowsnest Pass school division will offer evening classes in the following subjects — if sufficient interest is shown to warrant offering the course:

Basic English (English program for New Canadians), speech and dictation, business machines, beginning typing, advanced typing, bookkeeping and ceramics.

All classes will be held for a period of 22 weeks except ceramics which will be offered in a 15-week period. Fees for all classes will be \$20. The ceramics course will have a fee of \$15.

Classes would be held one evening a week with the time and day to be established at the first session of the class.

Interested adults should contact W. J. Ede, superintendent of schools, Blairmore.

## LOWER INTEREST RATES URGED THROUGHOUT ALBERTA

The Alberta Treasury Branch has been urged to lower its interest rate on loans for Alberta farmers and businesses by a Calgary member of the Legislature.

Len Werry (PC-Calgary-Bowness) said a lower interest rate would be in line with a request made by federal Finance Minister Edgar Benson.

Mr. Benson has asked Canada's chartered banks to lower their interest rates to stimulate the economy during winter months—when unemployment is expected to reach post-war record levels.

Mr. Werry said that Alberta will not be an exception to high unemployment and sluggish economy.

He said there has been a drastic drop in construction and a lack of cash in the hands of farmers which will have a marked effect on sales in smaller Alberta centres during the months immediately ahead.

Mr. Werry said Alberta treasury branches should loosen their loaning policy in accordance with legislation passed in 1969, which would make an extra \$75 to \$80 million available for loans to individuals and industries which will be hard-pressed for working capital over the next six months.

"Both policies (lowering of interest rate and increased loans) are necessary at this particular time. The agricultural situation looks brighter for 1971 and the economy is starting to recover from the recession which we have just recently passed through," Mr. Werry said.

**CHAIRMAN**

A well-known Crowsnest Pass businessman, Grant Hall of Blairmore, has been named chairman of the Crowsnest — Pass Consolidated School Board.

Mr. Hall has served on the board since January 1967.

He recently returned from Edmonton where he attended the annual Alberta School Trustees' Association convention with trustees Veno Pozzi and Joe Krywolt.

District superintendent William Ede also attended.

Vice-chairman of the Crowsnest board is Mrs. Lorraine Auld, who has also served on the board since January 1967.

LEN WERRY  
... necessary

## COLEMAN LIONS CALENDAR DRIVE

The annual Coleman Lions calendar campaign has been started under the direction of committee chairman Clint Rasmussen.

Mr. Rasmussen said Lions will be calling at Coleman homes seeking support for the project. Family birthdays and anniversaries can be listed on the calendars, which sell this year for \$2 each.

Dates of lodge and service club meetings for the entire year are clearly shown on the Lions calendar.

All proceeds from the project are used by the Lions for community activities.

"For the convenience of the public, booths will be established at local stores. This will enable those who wish calendars to place their order direct or with the booth attendants," Mr. Rasmussen said.

Winners of the latest Lions bingo include: \$50, Jean Hansen and Mrs. Sam Richards; \$25, Velma Cudlin, Marg Galland, Graham Atkinson; \$10, Mrs. Tiffin, Marie Kenner, Bobe Sood, Betty Aschoy, Betty Amador.

\$5, Mrs. Karaz, Steve Poon, Mrs. Baker, Velma Cudlin; \$5, Canada.

Mrs. Julie Mills and Doreen Kruby.

Corningsware was won by Francis Cole.

C. G. E. Downing, director of agricultural engineering of the department of agriculture's research branch, has been named a Fellow of the Engineering Institute of Canada.

He is the first agricultural engineer to receive this honor.

## FORMER DISTRICT RESIDENTS CELEBRATE 50th WEDDING ANNIVERSARY AT CRESTON

(Special To The Journal)

CRESTON, B. C. — Two former residents of the Pass area, Mr. and Mrs. Frank Pelle, now of Sirdar, B. C., celebrated their 50th wedding anniversary here recently.

Mr. Pelle was born in Reggio, Calabria, Bova Marina, Italy, and migrated to Canada in March, 1906.

Mrs. Pelle was the first baby girl born in Sirdar, Nov. 20, 1902. Her delivery was attended by Dr. Green, Sr., of Cranbrook.

It took him eight hours to travel from Cranbrook to Sirdar which is 80 miles, by freight train caboose.

Mrs. Pelle was baptized by Rev. Father Coccola.

Mr. and Mrs. Pelle resided in the Crownsnest Pass where Mr. Pelle worked as a coal miner, until they took up residence in Sirdar in 1923 and have resided there ever since.

They have four children: Mrs. Rosemary Shaw, Golden; Mrs. Evelyn Wilson, Vancouver; Joe Pelle, Stony Creek, Ont.; Frank Pelle, Jr., Kamloops; 13 grandchildren and five great-grandchildren.

A family dinner was held at the Bus Depot Harvest Room here.

Mr. and Mrs. Pelle's son-in-law, Carl (Silver) Shaw read telegrams of congratulations from Prime Minister Pierre Elliott Trudeau, Premier W. A. C. Bennett, Provincial Secretary W. D. Black and Lieutenant-Governor John R. Nicholson.

Open house was held at the home of Mr. and Mrs. Pelle. Many friends and relatives called to congratulate the couple.

The family wishes to thank many friends and relatives who made this occasion possible, with special thanks to Mr. and Mrs. Bert Ingram, youngest and only living sister; Mrs. Angelina Violet Ingram (nee Lena Ingram) and only brother-in-law (living), Bert Ingram.

## Personalities IN THE NEWS

Mr. and Mrs. Ed Reynolds and family, former Coleman residents, and now of Calgary, were recent Pass visitors. While here, they attended the 50th anniversary celebration of Minerva Chapter, Order of the Eastern Star.

Mr. and Mrs. George Ingles, of Penhold, were recent Coleman visitors at the home of their son-in-law and daughter, Mr. and Mrs. Roy Howard.

Mrs. Elizabeth Bowman, of Calgary, was a recent visitor at the home of her son and daughter-in-law, Mr. and Mrs. Bob Bowman, and attended the Eastern Star dance.

Mr. and Mrs. John Dean, of Cranbrook, B. C., were Coleman visitors to attend celebrations of the Eastern Star.

Mr. and Mrs. Stojack, of Saskatoon, Sask., were recent Coleman visitors with their son and daughter-in-law, Mr. and Mrs. Andy Stojack.

Mr. and Mrs. Alex Sekella travelled to Calgary to attend the graduation of their daughter, Kathryn-Ann, from the Foothills Hospital school of nursing.

### Coming Events

Coleman U.C.W. will be holding a bazaar on November 21 from 2 till 5 p.m. in the United Church. Everyone is welcome.

## THE HOMEMAKER

By JUDY FEENSTRA

With the first fall of snow and the first chilling winds, out come the woollens. And for fall the woollens are fabulous.

Wool is a natural fibre which has excellent wearing qualities, light weight warmth, excellent natural resilience, excellent versatility.

The structure of the wool fibre, an outer fuzzy skin, an inside core, a layer of sealed in air bubbles.

The outer skin causes wool to feel itchy to very sensitive skin. It is also this layer which causes matting from careless washing.

The outer skin is very important, however, in interlocking fibres to make fine yarns and in the feling process.

You can wash most wool garments by hand provided you don't rub or twist them.

It is better to turn them inside out before washing.

Use plenty of wash and rinse water (both lukewarm) and mild soap flakes or liquid detergents. Do not use bleaches or washing soda.

Heavily soiled garments should be soaked, not rubbed or scrubbed as this may cause matting.

Use an automatic dryer only if the garment is labelled machine dryable. Spin drying in the washer is safe. With a wringer washer be sure to loosen the rollers and wrap the garment in a towel before passing it through.

## Vrijmoet-Amatto Wedding Held In Lovely Autumn Setting

BLAIRMORE — A lovely autumn wedding here Oct. 3 united in marriage Linda Marie Amatto, daughter of Mr. and Mrs. Charles Amatto of Blairmore, and Richard Vrijmoet, son of Mr. and Mrs. Pieter Vrijmoet of Rotterdam, The Netherlands.

The bride was given in marriage by her father. Father Dennis MacDonald officiated at the ceremony.

Organist was Moyra Lloyd, of Blairmore. Soloist Bonnie Gene Doback, of Blairmore, sang "On This Day, O Beautiful Mother" and "A Time For Love" during the afternoon nuptials.

Miss Amatto wore an empire crepe gown with bodice and sleeves of flowered lace and crystal-headed centres. Her head-piece was of lilies of the valley and from it cascaded a veil trimmed with lace, also beaded.

Her only accessories were a crystal necklace and earrings.

The bride carried a prayerbook adorned with yellow Tielson roses and rosebud streamers.

Maid of honor was Rita Rivard, of Vancouver. Attendants were Verna Pyplacz, cousin of the bride; Linda Russell, Blairmore; Leslie Ann Owen, flower girl, Coleman; and Trevor Taplin, ringbearer, Creston.

The bridesmaids wore yellow empire gowns, hem trimmed with a wide border of lace, and headpieces of yellow bows with ribbons adorned with orange roses. Each carried a cascade of white mums, orange sprayed. Miss Owen carried a basket of orange roses.

Best man was Art Schlechter of Calgary. Ushers were Gary Amatto, Blairmore; Guy Mas, Denver, Colo.; and Andre Pury, Calgary.

A reception was held at the Coleman Catholic Hall, which was decorated with fall flowers. The archway above the receiving line was decorated with flowers and stream-

ers of orange and yellow. Fall flowers decorated the tables.

The bride's table was covered with a white lace tablecloth, lined in yellow. The table was centered with a four-tiered wedding cake and candles.

Les Owen, of Coleman, was the master-of-ceremonies. Mr. Owen and Mr. Schlechter proposed toasts which were responded to by the groom.

Dance music was supplied by Setas of Blairmore.

For her honeymoon to Vancouver, Victoria and Seattle, the bride chose a peach-colored dress and jacket, trimmed in brown with accessories en tone. Her corsage was of orange and yellow roses.

The newlyweds have taken up residence at 302 - 624, 13th Ave., S.W., in Calgary.

Out-of-town guests included the groom's mother, Mrs. K. W. Vrijmoet, Brandenburg, Rotterdam, Netherlands; Guy Mas, Denver, Colo.; and friends from Vancouver, Creston, Fernie, Cranbrook, Coleman, Bellevue, Hillcrest, Calgary, Lethbridge and Edmonton.

### Card of Thanks

It gives me great pleasure to say thank you most sincerely to all the hostesses, the guests who attended and to those who donated or sent gifts but were unable to attend the shower held in my honor on October 13.

# Consider the carrot!

Basically the carrot is a simple, natural product. You can enjoy it raw and crisp. Or consider variations like the "carrot cocktail" of health-food fame... or tender young carrots smothered in butter and served with gourmet food. Yes, there's more to the carrot than meets the eye. Just consider the process behind the carrot on your plate — the costs of farm machinery, fertilizer, marketing and distribution. Electricity is a "natural" product too. But bringing its convenience home to you involves construction, maintenance, sophisticated planning and engineering. While the overall cost of living has increased dramatically, the price of electricity is still one of today's best bargains. And finding a bargain these days is pretty difficult! So — when you consider inflation — think about the carrot on your plate — and in the field... and about electricity, another "natural" that goes through many stages before it gets to you.

Carrot Cocktail  
Preparation quantities of Carrots, Raisins, etc.

## HORACE ALLEN SCHOOL NEWS

By NETTIE ANN KRUG  
The afternoon was very enjoyable.  
Hi! We are back once more with the Horace Allen school news.  
Last week we held our first dance of the year. The students' council would like to thank the people who attended and of course the teachers. Mr. Paul, Mr. Krywka and Mrs. Toroum, for taking out time from their home life to supervise us.

We also give our thanks to Mr. Paul again, for supplying us with a psychedelic lamp. It was a real boost to our party.  
Unfortunately the dance didn't go exactly as planned, although the record player was working just fine, it seems our speakers were not.

The dance was not a total wreck for many people had a good time dancing (that is while the speakers were working).  
Our house leagues are finally under control. We are playing floor hockey. These last two weeks we have been having the playoffs, for a tournament.

It will be held in Blairmore this Saturday.  
Nov. 5, there was a piano recital by Constance Shannon Douglas during the afternoon. The students were asked a small admission of 10 cents. Parents were also invited.

## 1970 CAMPAIGN NOW UNDERWAY

Editor,  
The Coleman Journal,  
COLEMAN, Alberta.

Dear Sir:  
We believe that a large measure of our success in the Christmas Seal campaigns over the years has been the result of goodwill and active assistance which we have received from the weekly newspapers in Alberta. This also applies to the success of our mobile chest X-ray and tuberculin testing clinics.

We are very grateful for this assistance.  
The 1970 Christmas Seal campaign opened in the province Nov. 2. This year's objective is \$295,500. News releases and reports on the progress of the campaign will be sent you regularly until the end of January 1971, the closing date of the campaign.

Yours sincerely,  
J. M. McKenzie,  
General Secretary,  
Edmonton.

## ABOUT TOWN

Mr. and Mrs. F. W. Meyer, and family of Cranbrook, B.C., were recent visitors at the Coleman home of Mr. and Mrs. Robert Melvin.

Gloria Gregory, of Bellevue, a nursing student at the Lethbridge junior college, has been awarded a scholarship from the Crowsnest chapter of the Alberta Registered Nurses' Association.

Mr. and Mrs. F. L. Melvin and family, of Kimberley, B.C., were recent visitors at the home of their son and daughter-in-law Mr. and Mrs. Bob Melvin, of Coleman.

Linda E. Biegun, of Coleman, has graduated in medical laboratory technology from the Foothills Hospital, Calgary.

One of town guests attending Miss Biegun's graduation were Mr. and Mrs. Joe Biegun and family. Mrs. A. Biegun and Mrs. E. Cizek, all of Coleman; and Mrs. J. Hvidos, Jr., of Bellevue.

Journal publisher Herbert F. Legg, with secretary Judy Reine, were recent Coleman visitors.

## WATER SAFETY AT LETHBRIDGE

A water safety and swimming examiner, clinic has been scheduled Nov. 16, at the Frits Slick swimming pool in Lethbridge.  
Red Cross instructors from Lethbridge and area are urged to attend. However, to be eligible for appointment as an examiner, one must have at least two years of teaching experience.

The evening clinic will deal with examining pupils of all levels of water safety and swimming instruction.

## ADVERTISING Benefits YOU!

# A proud salute to our ALBERTA JUNIOR CITIZENS OF THE YEAR 1970.

We're proud to know them — proud to salute them — proud to share our Alberta's heritage with them. These are the courageous and enterprising young Albertans to whom The Hon. Dr. J. W. Grant MacEwan, Lieutenant Governor of Alberta, presented ALBERTA JUNIOR CITIZEN OF THE YEAR AWARDS recently. The annual awards are possible because you, the public, make nominations through your community newspaper. Let's keep up the good work of giving deserved recognition to youthful leadership and initiative in our Alberta!

Sponsored by Alberta's independent electric utility companies with the co-operation of weekly newspaper editors.

Biology Class, Winston Churchill High School, Lethbridge undertook an enterprising river-pollution research project. Janet Duce and Arthur Ono accepted the award on behalf of the class. Nominating editor: John Mulgrew, The Ad-Viser.

Laura Vassar (12) of Hinton helps a partially blind friend to make excellent school progress. Nominator: Mrs. Freda Somberger. Nominating editor: Charles West, The Hinton Herald-Parklander.

Diane Greeley (14), formerly of Sedgwick, shows cheerful courage in helping take care of her motherless family. Nominator: Mrs. George Wellman. Nominating editor: Monte Keith, The Community Press.

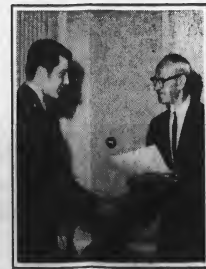

Timmy Town (12) of Moon Lake saved his burning home. Nominator: Hubert Forecast. Nominating editor: R. B. Smith, The Western Review.

Verne Lickie (11) of Hays saved a friend after an earth-tunnel collapsed. Nominator: Mrs. Harland Brandon. Nominating editor: R. George Meyer, The Tiber Times.

Bruce Lede (14) of New Norway saved the life of his cousin in a snow vehicle mishap. Nominator: V. R. Grundberg. Nominating editor: C. A. MacLean, The Camrose Canadian.

Tom Emelton (18) of Lamond saved a two-year-old child from drowning. Nominator: Mrs. Raymond Elliott. Nominating editor: R. G. R. Munro, The Vulcan Advertiser.

ALBERTA IN ACTION  
PLANNING FOR THE FUTURELooking ahead  
in a high-rise

One of the directions taken in urban planning under a program first formulated by the provincial government over ten years ago and now guided by the Alberta Housing Corporation offers new for reaching benefits to hundreds of our senior citizens. The move is to a choice in accommodation for the more active, older men and women who look ahead to apartment living in the maintenance of high-density areas of a city with most within range of their personal needs. A planned high-rise project is well under way in Edmonton. This year, another 18-story apartment block, the first of its kind in Calgary, is to be completed. The project is designed for housing families with units as low as \$24 a month, the majority of the tenants will be senior citizens. Similar developments sponsored by the Corporation are slated for other major cities.

At mid-year, planning procedures for the building of Senior Citizens accommodations were spun off by the government under control of the Corporation, and provision was made for the giving of grants to church groups, service clubs and other non-profit organizations or tenders to assist them in putting up lodges and other self-contained residential units in their local areas. Sixty-two lodges, managed by independent foundations and in existing areas, have already been awarded throughout the province.

A million gallons of  
water a day

Increased industrialization of municipal areas is creating new and future demands for additional water. A promising and practical solution in the form of a 20-million-gallon capacity treated water line from Edmonton to four municipalities northwest of the city was arranged this year. The line was built through the rugged terrain of the foothills and was developed using a line, census divisions, population patterns, transportation patterns and general economic needs. As a result of the project, the cities will have smaller water bills and will have a full-time industrial co-ordinator at the city level.

New grass-roots  
team formed

Planning unit sets for newly defined areas throughout the province are members of a 5-man team formed to carry out a new regional concept in industrial development created by the Department of Industry and Tourism. The regional boundaries for each of the five Regional Development areas were developed using a line, census divisions, population patterns, transportation patterns and general economic needs. As a result of the project, the cities will have smaller water bills and will have a full-time industrial co-ordinator at the city level.

Today's railroad for  
tomorrow's loads

It's a major, down-to-earth railroad achievement in today's times. Fully loaded, development-oriented trains snaking through rugged mountain terrain. One hundred or more trains weighing over 15,000 tons, that can be used on the mainline. One of the major 2000-foot climb, the mainline Alberta Railway is moving in service expansion and hauling capabilities. From the beginning, government planners specified a non-peak trade factor would be necessary for the A.R.C. to meet today's shipping requirements and tomorrow's needs.

Now, the possibility of doubling, or even tripling, Alberta's multi-million dollar output from the immense coal reserves of the Stinky River valley near Grande Cache at the northern terminus of the line is a reality. The movement of grain to the Pacific coast from the rich Peace River country by this shorter, more economical rail link will contribute to the province's economic growth.

Made to measure  
municipal progress

A new movement to increase widespread use of modern marketing techniques is being shaped, based in and carried by the Department of Agriculture. Its line with trends towards marketing and merchandising, in the recent government operations defined one of the commissioner's primary job functions as being able to move quickly and flexibly through international trade circles to find new markets for Alberta's products.

Included in the expanded 3-point program to develop export, domestic, and institutional markets, is to provide marketing of total department programs and the co-ordinating of all marketing efforts. Underlining the overall activities of the department to build agriculture, within and outside the province will be support services. Their role will include the training of available staff to work with producer organizations, processors, and distributors; handling, and liaison with other federal and provincial departments and agencies.

An initiating project this summer involved the Alberta Hog Production Marketing Board and a jointly sponsored travelling barbecue lunch to promote pork.

COUNCIL SAYS  
'THANKS KIDS'

Editor,  
The Coleman Journal,  
COLEMAN, Alberta  
Dear Sir,

The mayor and council of the Town of Coleman would like to thank the parents and children of the town for their co-operation during gale night and Halloween Night.

During these two nights there was no willful damage caused to any property.

We do believe the children realize the seriousness, and would like to commend them for their behavior.

Also, the mayor and council would like to thank our town constable and town crew for the patrolling they did of the town during these two nights, in helping to keep things under control.

Yours truly,  
Clarence P. Schie,  
Secretary-Treasurer.

Expand Sales  
To Japanese  
Strom's Goal

(Special to The Journal)

HARRY STROM  
... no stalling

EDMONTON — Premier Harry Strom has indicated Alberta will lose no time in attempting to expand sales of a number of Alberta products to Japan.

Mr. Strom, who was in Tokyo recently to open the province's new trade office, has announced that H. J. Hargrave, Alberta marketing commissioner, is spending three weeks with Japanese government officials, importers, private businessmen and other goods can be expanded in Japan "if we are just a little more aggressive."

It is Mr. Hargrave's first official foreign visit since his appointment last July.

Before leaving Edmonton Mr. Hargrave said he is quite confident that sales of Alberta farm commodities and other goods can be expanded in Japan "if we are just a little more aggressive."

At this particular time he said, Alberta agriculture officials are concerned over possible surpluses of pork, pork products and honey.

Mr. Hargrave also said potential sales of beef and swine breeding stock can be developed. He plans to meet representatives of a number of Japanese breed associations.

Mr. Hargrave said he intends to explore possible markets for both livestock breeds and program mares' urine. He said the domestic market for this product is no longer available for Alberta producers.
